ANOTHER PRIZE FOR HISTORICAL WORK.

Several weeks ago the Orange and Blue called attention to the gold medal offered by the D. A. R., of Eufaula, for the best original piece of historical investigation by any young lady of the A. P. I. Now it is the boys' turn. At a meeting of the Colonial Dames of Alabama, recently held in Mobile, the following resolution was adopted:

"That the Alabama Society of Colonial Dames donate annually FIFTY DOLLARS towards the collegiate expenses at Auburn or Tuscaloosa, of any young man who submits the best essay on a colonial subject."

SENIORS AND FRESHMEN.

A CLEAN GAME.

The first of the class games was played last Saturday afternoon on the college campus between the Senior and Freshman class foot ball teams. A large crowd of cadets were out, beside quite a number of ladies. There

was very little fumbling done during the game, taking into consideration the number of new men on the teams. Time was taken out a few times, but the game, as a whole, was comparatively fast. The Seniors made a touch-down in two minutes after the ball was kicked off, but this did not discourage the plucky Freshmen, for they played hard

during the entire game. J. S. Webb and Donague played excellent ball for the Freshmen, while Lipscomb, Haynie, Park, Shepard, Johnson, J. W. and W. H. Gwin did good work for the Seniors. The end runs by the Senior team proved to be the most effective in ground-gaining, Haynie making a 75-yard run for a touch-down. Several end runs were made by other members of the Senior team, advancing the ball 20 or 30 yards. The touch-downs made by the Senior team were carried over the goal line

by Shepard, Haynie, Johnson, J. W. Gwin and Rark, the latter making two, which made the final score 36 to 0, in favor of the Seniors. Johnson kicked goal for each touch-down. This was one of the cleanest games that has been played between the class teams.

The following is the line-up:

JUNIORS AND SOPHOMORES.

A HARD GAME.

The second game between the class foot ball teams was played on Monday afternoon. This was a very much more interesting game than the one on last Saturday, as the teams were more evenly matched. Each team seems to have been determined not to let the other score, which is shown by the fact that the only touch-down that was made occurred only two minutes before the end of the second half. The Sophomores made some beautiful punts, while the Juniors did their part of the line bucking.

The Sophomores kicked off 35 yards to the Juniors, who selected the east goal. The ball was advanced 5 yards, after which Webb, Mitchell and Hill made a series of bucks; gaining about 40 yards, and was held for downs. Hogg kicks 25 yards to Martin, who is downed in his tracks. Patterson gets 1 yard over tackle. Webb gains 3 yards, and Haynie goes around end for $\frac{1}{2}$ yard, and ball goes over to Sophomores. Hogg gets 4 yards, and the ball is fumbled. Juniors take the ball 15 yards by bucks and fumble, but to retain ball. Webb kicks 25 yards to Hogg, who returns the ball 20 yards. Hazard takes the ball around right end for 10 yards. The Juniors fail to gain 5 yards in three downs and the ball goes over. The ball being on the Sophomore's 5 yard line Hogg kicks 35 yards.

The first half ends with the score 0 to 0.

SECOND HALF.

The Juniors kick off 45 yards to Allison, who advances the ball 15 yards. Sophomores kick 25 yards to Mitchell, who is downed in his tracks.

Juniors fail to gain and ball goes over, but get 10 yards on account of Jones' off side.

Ball goes to Sophomores on forward pass. Hogg kicks 20 yards, and Juniors bring the ball a short distance by a series of bucks.

Webb kicks 25 yards and is returned 20 yards by Hogg.

Hazard gets 10 yards on an end run. Juniors are held for downs. Hogg kicks 30 yards, and Webb kicks, but is blocked by Lacey.

~~Webb~~ makes a 35-yard run around end, and Lay carries the ball over for a touch-down. Hogg fails to kick goal. Final score 5 to 0, which leaves the Sophomores and Seniors to try for the championship of the class teams. The line-up:

MEETING OF THE BOARD OF TRUSTEES.

A meeting of the Board of Trustees was held recently in Montgomery. The action of the Faculty in making Dr. Smith acting President, was approved. A committee was appointed to make choice of a President and submit their report to the Trustees at their regular meeting in June.

PAT'S CHARITY.

An Irishman, who was traveling through London, met two Englishmen who thought they would play a joke on him. One of them said: "Did you hear the devil is dead?" The Irishman put his hand in his pocket and gave each a copper. They asked what this was for, to which he replied: "'Tis always a custom in ould Ireland when the father is dead, to give something to the poor orphans."

Washington's birthday was commemorated by appropriate exercises in Langdon Hall. A nice program was arranged and the audience was well entertained.

There will be a musical entertainment in Langdon Hall Tuesday evening. A full account of this will appear in the next issue.

As to getting out an annual this year, it seems that the two factions cannot by any means come to an amicable agreement and the result of this, we fear, will be that "1902" will be launched into the world without a fitting chronicle of their mighty and just works.

Why should not some one, beside the editors, contribute something to the Orange and Blue? It would not only take a great deal of hard work off the shoulders of the editors, but would materially improve the paper in more ways than one. Let anyone, who feels so inclined, do what he can for our assistance and for the Orange and Blue's betterment.

It is with great pleasure that we announce that two additions have been made to our staff. Mr. Schroggs, the Librarian, has been elected Alumni Editor and Miss Hollifield has the office of looking after "Coed" news. These editors, we are sure, will add a great deal towards making our paper a better one and one more representative of all the phases of college life.

What have class-games done to arouse the high tide of enthusiasm?

What now prevails at our college for foot ball? It has done everything, it has been the paramount influence in bringing about this great love for foot ball which is characteristic of every Auburn man. Would not class-games in baseball bring about the very same result? Some one should take hold of this and push it through. We are sure that it would add a great deal to making baseball as real a department of our athletics as foot ball and would also develop material for the Varsity.

The class-games so far have been characterized by the greatest of interest, especially is this true of the Junior-Sophomore contest. The Freshman team put up a game fight against the Seniors last Saturday, but could, by no possible means, prove to be anything like a formidable antagonist, the Seniors having the advantage of them in experience, harmonious team-work and quickness in executing all their plays. The Juniors and Sophomores were as evenly matched as two teams could be, both were in fine form at the beginning of the struggle. It seemed a hopeless fight for the Sophomores, and it was only when the Juniors planted the ball on their five-yard line that they woke up and showed just what they were capable of doing. The game from this point was nothing but a series of exchanges, and it looked very much like the game would end with a tie score, when the Sophomores got off a play which gave them all but two yards of the goal, which they gained in one buck.

"Does a college education pay?" was a question recently propounded to President Hyde, of Bowdoin College. The answer is its own best comment: "To be at home in all lands and all ages; to count nature a familiar acquaintance and art an intimate friend; to gain a standard for the appreciation of other men's work and the criticism of own; to carry the keys of the world's library in one's pocket and feel its resources behind one in every task he undertakes; to make hosts of friends among the men of one's own age who are to be leaders in all walks of life; to lose one's self in generous enthusiasm and co-operate with others for common ends; to learn manners from students who are gentlemen and form character under professors who are Christians—these are the returns of a college for the best four years of one's life.
